From the East

To My Valley Lodge No. 135 Family

I am Honored and Bless to be able to greet you all with the Love from our Lord God and from the bottom of my heart. Merry Christmas and Happy New Year. I hope you and your families had a wonderful Thanks giving and also will have a blessed Christmas. I am wishing you all a good health, bountiful blessing and prosperous year 2025. This year we all had different situations and circumstances in life, some of us had some difficulties and challenges in life. Let us continue to share our love by helping one another and show our love to everyone by showing to them that we are there to help and provide our care in times of their needs.

Let's continue to show our Brotherly love by giving relief and assistance no matter what is needed to be done to be able to raise up a fallen Brother and their families.

I want to inform you all that if you or anyone you know anybody that needs some help please approach me or any Brother in our lodge, so we could help you or the people you know. Thank you so much.

On the month of January our lodge will do our first charity work, and show out love to the community. We will be donating old clothings, canned foods and dry foods to the people who are in needs through the help of Bread of Life in Stockton. We will bring the goods on January 24 Friday to their office and then the next day January 25th Saturday we will provide assistance to give the foods to those people in needs in Lodi. Address is to be announce on our stated meeting. Please if you have any old clothes that you don't want or don't need anymore, please bring it to the lodge this December or before January 24th. Let's make the people in needs received the blessings of God through us who are more fortunate than them. Again, thank you so much, I am grateful that I have you all as my Brother and part of my family. I love you all and God Bless us.

May God continue to Bless us all.

I love each of you, my Valley Lodge No. 135 Family.

Brother Emmanuel C. "Noel" Cubol

Worshipful Master

Valley Lodge No. 135

Worshipful Noel's Speech

My lovely, beautiful and very supportive wife keeps asking me, almost every day, are you done with your speech? She was telling me that, it is the most important part of tonight's event. Everybody will be waiting for your speech, make it short so you have less mistakes. But WM does not make mistakes, they just forget. I heard this many times. I welcome myself to the club. She is right, and I would say she is always right between the 2 of us. But I do believe that tonight's most important part of this installation ceremony, is you, all of you who are here tonight. You are here tonight for a reason, I would say, someone was so generous to put you where you are right now. Before I continue, I would like to start with giving Thanks to the Great Architect of the universe which is our Lord God. Who made all this possible and gave me the courage to stand here in front of you all tonight. I thank Him for giving me a greatest opportunity of my life, to serve this wonderful family of Valley lodge 135, our lodge is now 167 years old, it already had a very long journey and it will never stop because we have a great family that is always there for each other, no matter what challenges we are facing in our own life. I also would like to thank my family and relatives who supported me in this masonic journey, for 13 years. Most Specially my wife, for allowing me to join freemasonry and also the one who did most of the preparations to make this event a successful one. I am so confident that valley 135 will have a great year, because she already had said that she will be there by my side till the end of my term. As we all know the great success on a man is a woman. I also want to thank my parents whose to blame why I became like this, so cute and nice, thank you for showing me and my siblings your never-ending love, support and understanding. Thank you for raising me to become a man with faith and compassion. I also would like to thank my Noble Brother Mark Parinas and his wife, who were the first couple that open my eyes about what is freemasonry is about, then my late Father-in-law WB Capt. Cirilo Sernat who did the first initiative to find a Brother who will assist me finding a lodge here in the Sacramento area. The first Brother who reach out to me and I met that time was WB Nolan Paraiso he vouched for me to become Brother at Provident Three Pillars #609, I was the last Master Mason that was Raised before they closed for good. I thank God for all these Brothers who first helped and lead me to the right directions to be where I am right now in my masonic life. There are so many of them but I want to make a special mention to WB Edison Espeleta, WB Mannie Buentipo, WB Donie Navarro and also my WB Father in Law Cirilo Sernat. This Brothers inspired me to be one like them someday. Not just as a Mason but also as a great person in general. I also would like to thank all my Valley 135 families, the officers who are always there to give their unwavering supports to spread the cement of Brotherly love and affection. To all my Atengs and Brothers whose here last night to help preparing our dining area, a very special Thanks to all of you. To all my Mason brothers and Brethren from different lodges Thank you for coming here to witness this ceremony, you all, made me feel, that I'm so

special, and also thank you for doing the same great philanthropic services in your own lodges and community. I also want to thank our Dear Friends that are here tonight, Thank you for coming to celebrate with us on this once in a lifetime event for me and my wife. Thank you so much also for supporting the valley lodge 135, with their previous projects and charity works to help the people who are in need. I hope that you will continue to help our Lodge with our endeavors, to share our love. One love, one family 135. Again, a million thanks to you all from the bottom of my heart, together with my 5 stents.

As I have said a while ago, it took me 13 years to step up and reach this position. I am so humbled and honored to be the first Cavitenyo Worshipful Master of Valley Lodge 135. Thank you for letting me be a part of this Great, Ancient and Honorable Brotherhood. This coming year I could finally say that I am more than ready to be the leader of Valley lodge 135, and we will make this coming year much busier, fruitful and more productive in many ways. Good enough to make everything even better than before and will going to happen the way I want it as a leader. Do you think I am that good? My brethren and valley lodge family, I am nothing without you and your support for this coming year. No matter how ready I am, and how prepared I am, no matter how many plans me and my wife had already prepared for the lodge, lodge family and our community. Without You, all the members of valley lodge 135, my family, my friends and other brethren from different lodges. I cannot do anything; I cannot accomplish even 1 thing on my own. A leader cannot be a good leader without a good followers. The more we are working together the more work we can accomplish together.

This year I want to emphasize a verse in a Bible which are also part of our rituals as a mason. 1 Corinthians. 13:13. But now faith, hope and love remain, these three. The greatest of these is Love, in other Bible version and in our rituals The love is the same as charity, which make sense to me. Because we cannot love without giving, we cannot love without sharing what we have, our gifts, our blessings and our talents and we cannot love anyone without spending our time with them. As a Masons we are taught of these 3 principal tenets they are Brotherly Love, relief and truth, and we are also taught to regard the whole human species as one family. To aide, to support and to protect each other particular a worthy Brother Master Masons. This is our Duty and the biggest part of our obligation as a Mason. When we spread love and charity to those who are less fortunate individual or family, when we extend our arms to raise a fallen brother, or any person or their family, we are giving them hope that they need and will make them feel that they are not alone with the circumstances in life they are experiencing, and they will start to believe that there are still some people out there that are willing to share their love and affection in times of trouble and need. And through this help and assistance that we provide to them, it restores not only their faith to humanity, but also the faith in God the Creator, our Great Architect who make us his instruments of his blessings to the people in need.

This month and four days from now, we will be celebrating the birth of our Hope and savior Jesus Christ. He was the Greatest Example of true Love and Generosity. He came to this world and gave us hope and save all of us who believes in him. All mason believes on Him, because no Atheist can be made a Mason. May this night remind us of our biggest purpose in life. He wants to use all of us to be a part of the community that shares our love to one another, no matter who they are. As we all do this kind of service, we will inspire many people lives, which I strongly believe will make a great impact to their lives and also make a difference to the Community they live in. Like our grand master of California MW Arthur Salazar want us to spread to everyone this year, he wants us to inspire more people's lives, for me, mason or non-mason, let's all inspire one another by helping each other when in need, by being there to everyone and by holding on each other's hand and work together to make a difference on someone's life this coming year and through the next generations. I also want to inspire you all, to leave a life with legacy that will last forever. The legacy of generosity to your family, to your lodges, to your community and the people around the world. As a masons, and members of a community, together we all can do so much. That holy book, which should be our guides in our daily lives, teaches us to love one another, to care for one another, to pray for one another, to encourage one another, to help one another, to counsel one another, to support one another, and so many more. By doing those we will demonstrate the true meaning of brotherly love, relief and truth. That will also leave a life with legacy of faith, hope and charity that will last forever even we are not here anymore.

Before I end, I want to say a special thanks those family, friends, Brethren and their families who already supported valley lodge fundraising, to be able to make our projects be a very successful one. To those who still want to share their help, We have a place up in the ballroom area to purchase some items. Every amount you spend, will support the valley lodge 135 charity programs for next year. Please visit that area and I truly appreciate you all with these very important endeavors. Once Again, a million thanks to you all, in a few moments we will celebrate and enjoy this night, we make it extra special for all of you, but starting tomorrow let's all work together to leave a life with Legacy of Generosity. Let's all continue to convince the world that we are a better Men, let us not forget that goodness of our heart, that purity of intentions and that love of virtue which we all should possess, which will lead us from this imperfect to that all-perfect, glorious and celestial lodge above where the Supreme Grand Master of the Universe forever presides. I love you all, Merry Christmas and God Bless us all.

Senior Warden's Corner

New year's resolution and Masonry

January, the first month of the year. A month of fresh starts and new beginnings. A time of renewal, a time for reflection on the past year's achievements and to celebrate the New Year. Opportunities for self improvement, setting new goals, and a chance to bring upon change. It has been a long standing tradition since the Babylonians first came up with the idea about 4000 years ago of the term Resolution by paying homage to their deity to become better by means of paying their debts and returning objects, in return, the gods will bestow upon them a favorable year. Same practice goes back to Rome in 46 B.C. with the same concept for the deity Janus offering sacrifices in exchange for a better year. Now, the practice of a New year's resolution focuses on Self-improvement. Though the promises can still be made to our God and also to ourselves.

Masonry, on the other hand, has a reputable ideology of Self improvement. As we are taught in degrees only. It is a progressive science that focuses on making men a better version of who they were before being Initiated into the craft. Resolution being defined by Cambridge dictionary as a promise to yourself or to not do something. As we get deeper in our pursuit of improvement, we will encounter criticism, perceived flaws and imperfections. But the beauty of it is that we can change, we can adapt, we can improve and we can continue to smoothen our rough Ashlars.

As this New year brings about the time of self reflection. Let us not forget that what we are now are the products of our own choices. Our Journey in life has given us another year of opportunity, maybe another fork in the road. It may be rough and rugged but the destination of being better is all worth the travel. So trek with faith and caution. A new beginning has begun.

Happy New Year of 2025 Everyone.

Bro. Jose Apollo H. Cueto

Senior Warden

Valley Lodge No. 135

Assistant Secretary

New Year's Resolutions for Masonic Members: Building a Balanced Life

As we welcome the New Year, it's the perfect time for Masonic members to set meaningful resolutions that align with our values of self-improvement, family, and community. Here are some resolutions to consider for a fulfilling and balanced year:

1. **Start a Gratitude Journal:** Taking time each day to reflect on and record the things you are grateful for can improve mental well-being and foster a positive outlook on life.
2. **Prioritize Family Time:** Quality time with loved ones strengthens the bonds that ground us. Schedule regular family dinners, game nights, or other shared activities that build lasting memories.
3. **Increase Financial Stability:** Enhance your financial literacy, create a household budget, and aim to establish additional streams of income. Financial security empowers us to support our families and contribute more effectively to charitable causes.
4. **Cut Back on Alcohol and Quit Smoking:** Reducing alcohol intake and quitting smoking can significantly improve overall health. Seek support if needed to make these changes sustainable.
5. **Prioritize Sleep:** A good night's rest is essential for physical and mental health. Aim for 7-9 hours of quality sleep each night to improve focus, mood, and overall energy.
6. **Exercise Regularly:** Commit to a balanced fitness routine that includes cardio, strength training, and flexibility exercises. Even small, consistent efforts can lead to lasting health benefits.
7. **Schedule Annual Health Screening:** Preventive care is key to staying healthy. Make it a priority to visit your healthcare provider for an annual check-up and necessary screenings.
8. **Volunteer Regularly:** Giving back to the community embodies Masonic principles. Dedicate time to local charities, Lodge projects, or other meaningful causes.
9. **Strengthen Brotherhood:** Dedicate time to your Lodge and the broader Masonic community. Collaborating on projects and engaging in fellowship reminds us of the values we hold dear.
10. **Stop Procrastinating:** Commit to tackling tasks promptly, whether they are personal, professional, or related to your Lodge. Breaking tasks into smaller steps can help make them more manageable.

As we embark on 2024, let's embrace these resolutions to lead enriched, purposeful lives that reflect the principles of Masonry. By focusing on self-improvement and fostering connections with others, we can make this year truly remarkable.

Jericho A Reyes, PM
Assistant Secretary

Masonic Education

United Grand Lodge of England

Today, we celebrate 211 years of UGLE

On 27 December 1813, the 'Antients' and the 'Moderns' united to form the United Grand Lodge of England

This historic union set the foundation for modern Freemasonry, built on principles of Integrity, Respect, Friendship and Service

Retaining Younger Brethren

How to stop them leaving the Lodge

Get them involved

Encourage them to take part in the Ceremonies

Encourage the senior Brethren to be more youth friendly

Adjust the Lodge times to suit modern working hours

Take them on a Fraternal visit to friendly Lodge

Finally lock and bar the door

Valley Lodge No. 135 Committees

All Reports must be in writing, given to Secretary for attachment to minutes. When Master calls upon the Committee, give verbally the report, stating a copy has been presented to Secretary, or state "No Report".
